THOROUGHBRED NEWSLETTER

OCTOBER 2017

## Parents & Guardians!

It has been wonderful meeting a lot of you during our September Meet & Greet, Open House, parent pick up ramp, and parent-teacher conference. I look forward to my new position here at Churchland Primary and being an advocate for our parents. If we have not yet met, let me briefly explain what I am here to do!

My job is to be a link between families, school, and community and to ensure parents have the resources necessary to obtain a successful education for their child. These resources will come from parent workshops, community events, family engagement opportunities, and use of our Parent Resource Centers.

Parent Resource Center??? YES! I am currently working on transforming my space into a Parent Resource Center. This center will be a welcoming environment providing information, workshops, support, a lending library, and more to you. There is also a PPS Parent Resource Center located at our Instructional Resource Center building that Title 1 parents always have access to.

I also want to get you ENGAGED in our school. When students see parents playing an active role in their schools, they do better and become more responsible in their actions.

Let's Do This Together!

## Save The Date for these Parent Workshops!

**October 19th, 6pm-7:30pm-** “The Struggling Student’s Brain– Understanding to Better Support” is presented by Brain Balance Center Director Tom Shenk. He will discuss brain friendly tips for working with challenging students, a homework plan, understanding root causes of focus, academic, and behavior challenges, and discuss why it’s harder to educate children today!

**October 25th - NATIONAL ANTI-BULLYING UNITY DAY** - People across the country will wear orange in support of October Anti-Bullying Month. **Wear Your Orange!!** Students will participate in anti-bullying activities during this week of school.

**October 26th, 6pm - 7pm - “Is Your Child a Target of Bullying”** presented by the Parent Advocacy Education Training Center. This workshop is for parents with and without children with disabilities. It offers intervention strategies, and teaches parents how to identify types of bullying as well as develop strategies to prevent bullying. They will also inform parents about the disability harassment laws.

### Coming in November

#### **“Grandparents Raising Grandkids”**

**This workshop will be during the day. More info coming soon on date and time.**
